

Rechargeable Dual-Power 1100 Lumen LED Lantern

Description

Max Lumen: 1100

Max Run Time: 10h

Battery: 3.7V 2000mAh built-in, 3 C Cell optional

Model: LP1512

The rechargeable dual-power 360 rugged LED lantern has an extremely bright maximum output of 1100 lumens. This lantern features 2 360-degree LEDs for continuous and even light spread. A variable mode dial lets you adjust the light from low to high with a lumen output range of 77 – 1100. This lantern also features a USB charge port to charge portable devices while on the go. It has a rechargeable UL recognized 2000mAh battery built-in and comes with a micro-USB charging cord. The lantern will run on the internal rechargeable battery and/or 3 C Cell batteries for extended runtime. The construction is sturdy and rugged with rubberized protection for a high quality, durable, weatherproof lantern. It is an ideal companion for camping, any outdoor adventure, or DIY projects at home.

* For the maximum run time, fully charge the lantern and include 3 C Cell batteries.

Features:

- Rechargeable battery built-in
- Optional use of 3 C Cell batteries
- Variable mode dial
- 360 LEDs for continuous and even light
- TackGrip molded directly to the lantern
- Battery quickly charges in 4 hours
- Powerbank to charge portable devices
- IPX4 waterproof rating
- Includes a micro-USB charging cable
